

MEET THE TEAM

A.N FOUNDATION

Michelle Akyeampong

I am a second-year consumer science student with interests in horticulture and social media management. Aiming to leverage my skills for internship opportunities at the intersection of consumer science, horticulture, and digital engagement for a valuable experience.

NEXT STEPS

I'm looking forward to gaining practical experience through internships or volunteer work, and developing my skills with courses or training in horticulture, content creation and digital marketing. Looking forward to exploring exciting opportunities and making meaningful connections!

Rafia Kanyity Imoro-Kipo

I am an Environmental Science graduate who is passionate about sustainable development and advocacy. I completed my National Service at Environmental Protection Authority. I have an interest in Research work and Community Development.

NEXT STEPS

I am seeking to get a job after my internship and also take courses to become a program manager. I kindly request to be connected to some organizations that I can work with to develop my public seeking and to also help make a difference.

Yussif Abdul-Rauf Bansi

I am the Founder & Managing Director of EverGreen Farms Co. Ltd., an agribusiness focused on sustainable crop production and youth empowerment. I am pursuing a BSc in Agriculture (Crop Science) at UENR and will begin my final year project in the 2025/2026 academic year.

NEXT STEPS

I am seeking funding support to build and expand my vegetable farm. I am also looking for scholarships or internships to broaden my skills in my discipline. I am also looking for a company where I can undertake my National Service next year after my project work.

MEET THE TEAM

ROSSWOOD LIMITED

Florence Mensah

I am a Plant Biology student of the University of Ghana with a passionate interest in sustainable agriculture and agribusiness. I am adaptable and i'm also able to work effectively under pressure. I aim to establish my own integrated crop and poultry farm contributing to food security.

NEXT STEPS

I am open for opportunities to gain hands on experience in the agribusiness sector, get a scholarship to further my education either here in Ghana or outside the country and mainly to be employed.

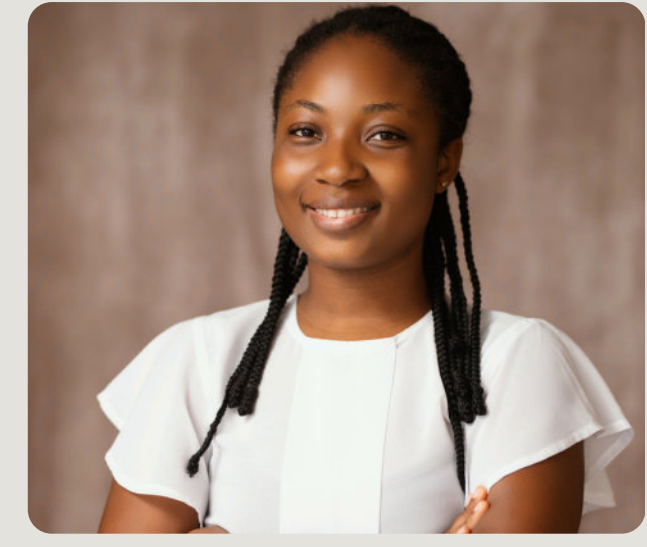

Enoch Asiedu Yirenkyi

I am an agriculture graduate passionate about value addition, sustainable dairy production and crop improvement. I aspire to create a sustainable venture that empowers youth and improves livelihoods.

NEXT STEPS

I am seeking mentorship and part-time opportunities in agriculture related projects. I also look forward to collaborating with companies in Ghana and Netherlands as an intern to broaden my knowledge and gain practical experience.

Beauty Kwapong

As a recent graduate in Food and Agro-Processing from the University of Cape Coast, I have developed a strong foundation in food science and technology. My passion lies in exploring innovative solutions and processes in food processing, and I am eager to apply my skills and knowledge to contribute to the growth and development of the food industry.

NEXT STEPS

I'm open to exploring both full-time and part-time opportunities in the food sector, with a focus on sustainable practices and initiatives that support young people in the industry.

MEET THE TEAM

FARMMATE AFRICA

Abigail Morkporkor Norvor

I am a recent graduate with a degree in chemistry and biological sciences. My interests are in agriculture, healthcare, and sustainability. I have experience in plant nematology research and the blue economy space. I am passionate about using science to support development and women's empowerment in communities.

NEXT STEPS

I am looking for opportunities within agribusinesses, NGOs, or research projects. I am also open to volunteering roles that focus on sustainability and women's empowerment, while helping me build my skills in agriculture, healthcare, and the blue economy.

Emmanuel Bafiile

I am a researcher, an entrepreneur, and a horticulturist with a deep passion for urban and community horticultural practices that are climate-smart and nutrition sensitive.

NEXT STEPS

I am seeking agricultural consultancy and community impact projects, internship or jobs in the agriculture and horticulture sector. I am also seeking graduate scholarship opportunities either in Ghana or abroad. I also need mentorship.

Margaret Abokoma Boateng

I am a University of Cape Coast graduate with a background in Agriculture, interested in Smart Agriculture, Animal Science, and IT. I also manage a snail farming startup. I possess strong communication, organizational, and digital skills, including graphic design and precision agriculture.

NEXT STEPS

I am seeking opportunities in Agriculture, Digital Development, and Administration. Eager to expand my knowledge, I aim to apply my skills in a dynamic environment that fosters growth and innovation while contributing meaningfully to the organization.

MEET THE TEAM

FORTUNE COFFEE

Abigail Asubonteng

I am a Communications graduate with 4 years in radio broadcasting and a year shaping brand voices through social media. As a creative thinker and quick learner passionate about turning ideas into impact, I'm driven to help brands connect deeply with their audience through strategic storytelling.

NEXT STEPS

I am seeking mentorship, scholarships and job opportunities in communications: social media management, broadcast presentation and content creation roles for voice overs, feature articles/ magazines, copywriting and podcasts to enable me advance as a communications professional promoting social change.

Maame Afua Dansoaa Danso

I am passionate about smart agriculture, sustainable farming, and innovative farming solutions. I aim to use technology to boost food security and farming efficiency in Ghana. I recently took on the management of rejuvenating a moribund cocoa farm.

NEXT STEPS

I'm seeking mentorship, paid internships, and scholarships as I prepare for a master's in Smart Agriculture. I'm open to partnerships, agritech projects, and horticulture business roles. I'm also looking for support and knowledge-sharing opportunities to scale and transform the cocoa farm I manage into a model farm for sustainable, tech-driven production.

Sarah Ama Kyere

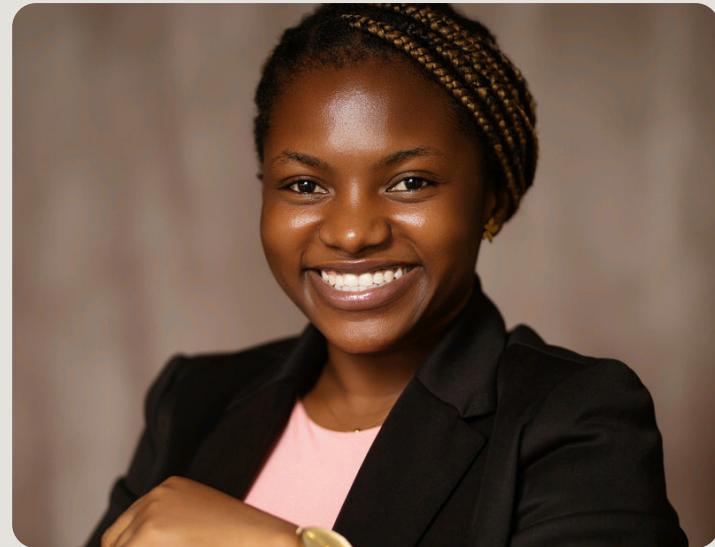

I am an MPhil student in Industrial/Organizational Psychology. I am passionate about workplace culture, employee well-being, and using psychology to improve organizational effectiveness locally and globally.

NEXT STEPS

I am seeking part-time or full-time roles in HR, research, or organizational development, where I can apply my skills and gain cross-cultural experience to blend global best practices with local insights.

MEET THE TEAM

CHOCOLUV COMPANY LIMITED

Wendy Sung-Suma Bagonluri

I am a Biochemistry graduate and founder of DyLuri Beauty. I lead a Shea-based cosmetics brand empowering women in Northern Ghana. Passionate about sustainability, healthcare, and youth mentorship, I run the Sung-Suma Foundation and mentor 17 female students across 11 universities through the DyLuri Beauty Campus Agent Program.

NEXT STEPS

I would like to join the GNBCC Women in Business program and access funding and support to expand DyLuri Beauty. I am also open to volunteering with organizations that promote women's empowerment, entrepreneurship, and sustainable business development to broaden my impact and network

Tabita Naa Ogbedei Ashitei

I am a General Agriculture graduate passionate about smart agriculture and women's empowerment. I completed my national service at Bonsu Cocoa College and I am currently working as an intern with Chocoluv Ghana Limited on a new product development project.

NEXT STEPS

I am seeking job opportunities or internships, particularly those focused on smart agriculture, Agribusiness, Horticulture, product development, or initiatives that support women's empowerment.

MEET THE TEAM

WINTER FOOD TRADE

Susana Deku-Tettevi

I am a General Agriculture graduate, completed my National Service with Agricultural Development Bank(ADB). I am currently interning with Winter Food Trade, under the Horticultural Business Challenge(HBC).

NEXT STEPS

I'm seeking job placements in agribusiness, horticulture, business development, or related fields. Specifically interested in opportunities that focus on sustainable agriculture, entrepreneurship, and youth empowerment

Nana Kofi Afriyie Sarpong

I am the Founder & CEO of Merdeo Foods and Business Development Intern at Winter Food Trade. I lead climate-smart innovations reducing post-harvest loss while empowering smallholder farmers and empowering sustainable agriculture in Africa.

NEXT STEPS

I need access to strategic partnerships in International Trade and Local Supply of Fresh Farm Ingredients to Upscale. I will want to join the GNBC Network and as well as accelerate my venture through prestigious opportunities the Dutch Embassy can offer as well as represent my Company at Networking Events.

Benjamin Kwame Kwaitoo

I am Petrochemical Engineering graduate skilled in international trade, B2B marketing, and sales. I am pursuing an MBA certificate in Marketing and Business Strategy while marketing Ghanaian produce for export. I also co-founded THE HOUSE, a leadership and social impact organization. I intern with Winter Foods now.

NEXT STEPS

I want to start an agro-waste management business to process pineapple leaves into paper for food packaging and I'm looking for partnerships and investment opportunities to do that.
